

Oras Group Environment Policy

Company strategy, mission and vision

Sustainable and responsible decisions in our everyday lives are and have always been at the core of what we at Oras Group do. Our mission for “The Smartest and Most Sustainable Water Experiences for Everyone” guides us to work environmentally sustainably in our own operations and with our value chain partners to fulfil our commitments. Oras Group is committed to promoting the UN Sustainable Development Goals.

Objective of the policy

Oras Group develops smart and sustainable products and services to enable our brand promise “Water Smart Living” for our customers. The objective of this policy is to work as our guideline in ensuring sustainable operations and engaging with our value chain and stakeholders such as customers, employees and suppliers on climate and environmental actions.

Our commitment

- We develop and produce long-lasting, water and energy-saving products and services.
- We identify, assess and through risk-based evaluation prevent, reduce, mitigate and bring to an end negative impacts to the environment and climate in our own operations and value chain together with our partners.
- We improve our greenhouse gas accounting and reduce greenhouse gas emissions in our own operations and support our supply chain to do the same.
- We promote energy efficiency, responsible use of chemicals and sustainable use of water and energy in our manufacturing.
- We promote material efficiency, recycling and minimizing waste generation in our manufacturing.
- We prevent harmful releases to air, water and soil in our manufacturing.
- We implement circular economy practices in our manufacturing and in designing our products and services, including packaging, and promoting sustainable consumption, for example, with product repairability and spare part availability.
- We provide relevant data for our customers in the form of Environmental Product Declarations and other requested formats.
- We are continuously developing our management system to ensure a harmonized way to operate throughout our value chain.
- We comply with, or exceed, applicable laws, rules and regulations.

This policy is approved by the Oras Group Management Team in January 2025.
